

St John W.A. Paramedic Scope of Practice

ASSESSMENT
Primary Survey
Secondary Survey
Secondary Survey & CNS
Pulse & Respirations
Auscultation (chest, abdomen)
Blood Pressure (systolic/diastolic)
Pulse Oximetry
Blood Glucose Testing

OXYGEN
Hudson & Non Rebreathing Mask

AIRWAY
Basic Airway Management (Double/Triple Airway Manoeuvre)
Lateral Position
Yankauer Suction
Oropharyngeal Aspiration Flexible Catheter
Baby Mucus Extractor
Penguin Suction
Oropharyngeal Airway (OPA)
Supraglottic Airway Device (SAD)
Laryngeal Mask Airway (LMA) – Adult & Paediatric
iGel
Endotracheal Intubation (ETI) please indicate adult only or adult & child
Foreign Body Airway Obstruction – Conscious
Laryngoscope and Magill Forceps
Cricothyrotomy or Military
Nasopharyngeal Airway (NPA)
Bag Valve Ventilation (Adult and Paediatric)
Ventilation Emergencies (DOPES)

CPR
Chest Compressions

MONITORING & DEFIBRILLATION
Defibrillation Manual or AED
Corpus 3 Monitor/Defibrillator
12 Lead ECG Placement & Recognition

MEDICATION
Nebuliser Mask
Pentrox Inhaler
Intranasal Atomiser
Intramuscular Injection
Adrenaline Autoinjector 'EpiPen'
Vascular Access
Peripheral Vein Cannulation
External Jugular Cannulation
Intraosseous Cannulation (EZ-IO)
Prehospital Blood Sample Collection
Priming I.V. Giving Set
MDI and Space Chamber
IV Infusion Pumps – Management only

OBSTETRICS
Normal Childbirth
Shoulder Dystocia
Breech Delivery
Techniques in Postpartum Haemorrhage – includes fundal massage and aortic compression
Relief of Aortocaval Compression – includes manual uterine displacement and left lateral tilt

MISCELLANEOUS
Modified Valsalva Manoeuvre
Needle Thoracocentesis
Pressure Immobilisation Technique (PIT)
Recording Temperature with Tympanic Thermometer

TRAUMA
Management of Fractures & Dislocations
Log Roll
Helmet removal
C-Spine Collar Application
Fernotrac Traction Splint
Sager Traction Splint
Spinal Immobilisation
Trauma Pelvic Orthotic Device (T-POD)
KED-Pro
Combat Application Tourniquet (CAT)
Vacuum Mattress

MEDICATIONS
Aspirin
Adrenaline (Intramuscular Administration)
Adrenaline (Intravenous Administration)
Amiodarone (Intravenous Administration- Cardiac Arrest only)
Atropine Sulphate (Intravenous Administration)
Cophenylcaine Topical Spray
Glucagon (Intramuscular Administration)
Glucose Oral Gel
Intravenous Glucose 10%
Heparin Sodium (Intravenous Administration)
Ipratropium Bromide (Atrovent) (Nebulised - Inhaled)
IV Crystalloid Solutions (NaCL 0.9%)
Glyceryl Trinitrate (GTN) (Sublingual Administration)
Ketamine (Intramuscular Administration)
Ketamine (Intravenous Administration)
Lignocaine 1% (Intravenous & Intradermal Administration)
Methoxyflurane (Inhaled)
Midazolam (Intramuscular Administration)
Midazolam (Intravenous Administration)
Naloxone (Intramuscular Administration)
Naloxone (Intravenous Administration)
Ondansetron (Sublingual Wafer)
Ondansetron (Intramuscular Administration)
Ondansetron (Intravenous Administration)
Paracetamol (Adult)
Paracetamol (Paediatric)
Salbutamol Sulphate (Ventolin) (MDI Puffer)
Salbutamol Sulphate (Ventolin) (Nebulised - Inhaled)
Prednisolone Oral
