

## **Education and Support Services List**

St John WA acknowledges some participants may require additional support to complete our courses. We offer a range of different education and support services to provide each participant the adequate support they need to successfully complete a St John WA course.

### **Internal Support Services for Students**

Internal support services available to participants on request include:

- ▶ Mentoring sessions for participants undertaking full qualifications;
- ▶ IT support to navigate the Learning Management System;
- ▶ Learning materials in large print;
- ▶ Consultation with St John WA Trainers and Assessors;
- ▶ Reasonable adjustment during assessment; and
- ▶ Language, literacy and numeracy support.

### **External Support Providers for Students**

St John WA provides participants with a list of local external support services that may assist in a variety of ways. These services may incur a cost to the participant which varies between services providers. St John WA recommends participants contact the appropriate external service prior to booking their course so that St John WA can cater for any additional requirements participants may need.

To request internal support services and to book a course that requires internal or external support call the St John WA Contact Centre 9334 1233.
